RENFREW CREAM **SEPARATORS**

The bowl of a Separator that will not skim down to one one-hundredth of one per cent, and do so all the time-is just as much of a thief as a pick pocket or worse for the pick pocket may visit you once in a life time -but a poor Cream Separator fakes a part of your cream every time you use it-and throws it away in the skimmed milk. Buy a RENFREW and watch the size of your cream checks increase from the same herd of cows. Come in and let us show you our line-and get our attractive figures.
